

## SPINRACE 35

### DESCRIPTION

**Fabric :** 09017  
**Yarn :** Nylon  
**Width :** 152 cm  
**Pattern :** Ripstop  
**Internal ref. :** 090171520C06xxx  
**Length of rolls :** 150 lm

### END USES

**FOR RACING PERFORMANCE**  
**Grand Prix racers and fast cruisers looking for performance and durability.**  
 Exceptional burst and tear strength allow lighter cloth in stronger winds.  
 High density weave and unique coating chemistry maximize wind propulsion and long-lasting low porosity.  
 Double ripstop for high tear strength in handling and touching rough edges.  
 Ideal for stability of asymmetric sails constructions.

## Technical Specifications

Characteristics		Test method	Unit	Tolerance
Coated fabric's weight		ISO 2286-2	g/sqm oz	37 0.86
Tear strength	Warp	NGF 07-145	Lbs	4 mini
	Weft			4.2 mini
Tensile strength	Warp	ISO 1421	DaN/5 cm	38 mini
	Weft			33 mini
Elongation Under 20lbs	Bias	Internal Method	1/100 inch	17.5 max
	Warp			21.5 max
	Weft			34.5 max
Air Porosity		ISO 9237	L/sqm/min under 2000 Pa surface 100cm <sup>2</sup>	100 max

Indice : 0

Date : 11/12/2023
