

SPINCRUISE 40

DESCRIPTION

Fabric : 9017
Yarn : Nylon
Width : 152 cm
Pattern : Ripstop
Internal ref. : 090171520E72xxx
Length of rolls : 150 lm

END USES

FOR CRUISING
Adapted to all kind of boats and will give you many miles of amazing sailing experience.
Long-lasting performances, high durability
Excellent tear strength in warp and weft direction
High tensile strength
Conservation of bias stability after ageing
Good water repellency

Technical Specifications

Characteristics		Test method	Unit	Tolerance
Coated fabric's weight		ISO 2286-2	g/sqm oz	41 0.96
Tear strength	Warp	NGF 07-145	Lbs	3 mini
	Weft			3 mini
Tensile strength	Warp	ISO 1421	DaN/5 cm	35 mini
	Weft			33 mini
Elongation Under 20lbs	Bias	Internal Method	1/100 inch	31 max
	Warp			20 max
	Weft			30 max
Air Porosity		ISO 9237	L/sqm/min under 2000 Pa surface 100cm ²	100 max

Indice : 0
